FAVA BEAN CHUNKS & MINCE

Chunks

UNFLAVOURED

GARLIC & HERBS

SAVOURY LEMON

Mince

UNFLAVOURED

UMAMI

Beanit® provides an easy and tasty answer to the rapidly growing demand for healthier plant-based proteins and meat substitutes. Our high protein foods have only three main ingredients: Finnish **fava bean** for taste, nutrition and texture, **pea protein** to perfect the mouthfeel and bite and fresh **water**. Onto this we add a little **rapeseed oil** with or without seasoning to further enhance flavour and usability. That's it - no funnies, all taste.

KEY FEATURES

High protein

25-28% protein content

Familiar texture

Tender mouthfeel with just the right bite, deliciously crispy when pan-fried

Neutral taste

Works in a wide range of dishes, cuisines and food processes

Ready to use

Ready to use in both warm and cold applications

Cooking & Convenience

- Can be pan fried, simmered, prepared in oven or eaten just as they come
- Can be used as a meat replacement and as an ingredient in meat alternative applications
- Are ready to use in both warm and cold applications
- Short preparation time from package to plate
- Works in a wide range of dishes, cuisines and food processes
- Tested functionality in different cooking methods: cook&serve, cook&chill, cold-cook and cold kitchen

This is How We Work

- Long shelf-life packing solution allows shipping of Beanit® products worldwide
- Vacuum packs, delivered in 4 x 2,5kg units
- Stored ambient (max 22 °C) with shelf-life up to 8 months after production
- The product is possible to be repacked into smaller units by the buyer
- We are working with industrial, retail and food service partners

Production in Our Facility

- Production facility located in the small rural town of Kauhava, Western Finland
- Fava bean sourcing is 100% Finnish, mainly from the farmers in the region
- The FSSC 22000 certificate addresses the highest standards in food safety and quality
- The production process is based on wet extrusion combining water, fava bean and pea protein.

Responsibly Produced from Fava Beans

- We follow the Raisio Group's responsibility programme Good Food Plan as our ambition is to produce Beanit® products that are good for the planet and human beings
- Fava bean, our unique ingredient is rich in nutrients and hence contributes to healthy and balanced diet
- Beanit® Chunks' current carbon footprint of 2,1 kg CO₂e/kg is to be even lower in the near future as we aim for carbon neutral production at our Kauhava facility by 2023
